Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program
Additional Targeted Support and Improvement
Students with Disabilities

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

The School Wide Plan meets the ESSA requirements through:

- A comprehensive needs assessment of the entire schools that includes information on the academic achievement of students in relation to the challenging state academic standards, particularly the needs of those students who are failing, or are at risk of failing, to meet the challenging state academic standards. The process consisted of a comprehensive needs assessment with all community stakeholders. The stakeholders involved included English Learner Advisory Committee, School Site Council, Staff, Teachers, Students, Site Administration, and District Office Administration. The process consisted of analysis of various data points from the California Dashboard, and local site level indicators. Stakeholders held dialogue around the data and provided feedback in terms of the root causes, and next steps (action items) moving forward.
- The school wide plan was developed to support the needs of the students in the school as identified through the comprehensive needs assessment. These include:
 - strategies that the school is implementing to address the school needs by providing opportunities for all students to meet the challenging state academic standards
 - the use of methods and instructional strategies that strengthen the academic program in the school, increase the amount and quality of learning time, and help provide an enriched and accelerated curriculum

- programs, activities, and courses necessary to provide a well rounded education, and strategies that address the needs of all students in the school, but particularly the needs of those students at risk of not meeting the challenging academic standards.
- The school wide plan addresses parent and family engagement by conducting outreach to all parents and family members, including:
 - a school and family engagement policy
 - a school and parent compact that addresses shared responsibility for high student academic achievement, and building capacity for involvement.

This ATSI (Additional Targeted Support and Intervention) plan meets state and ESSA (Every Student Succeeds Act) requirements:

- In partnership with stakeholders (including the principal and other school leaders, teachers, and parents) the school developed and will implement a school-level ATSI plan to improve student outcomes for each subgroup of students that was the subject of identification.
- The ATSI plan was informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable)
- The ATSI plan includes evidence-based interventions.

Additionally, the ATSI plan identified resource inequities, which included a review of LEA (Local Education Agency)- and school-level budgeting, which is addressed through implementation of its ATSI plan.

Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

The school consulted with various stakeholder groups during the planning process for this SPSA (School Plan for Student Achievement)/Annual Review and Update. A team of Dingle teachers and specialists initially met with support staff from Ed Services department on January 22, 2020 to model how to go through the needs assessment protocol using our own data. This team then shared this needs assessment process with the Leadership Team on February 5, 2020. During the week of February 10th, Leadership team members met with their students to engage in the same needs assessment protocol. There were 97 students in grades 1st, 3rd, 5th, and 6th that participated. On February 4, 2020, School Site Council and PTA (Parent Teacher Association) participated in the needs assessment protocol. On February 5, 2020 our ELAC (English Learner Advisory Committee) participated in this needs assessment and identified change ideas that would support English learners. On February 19, 2020 the Dingle Leadership team conducted a needs assessment with the entire Dingle team. The Leadership team reviewed the needs assessment data generated by all stakeholder groups and identified change ideas. Our teachers participated in a survey to identify the top 5 change ideas for our school. Leadership team met on February 26th to identify key activities aligned to the top 5 change ideas.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

WJUSD and Dingle Elementary are currently in the process of identifying and addressing resource inequities including teacher ratios and experience, as well as materials, supplies, etc.

Student Enrollment Enrollment By Grade Level

Student Enrollment by Grade Level			
Grade	Number of Students		
	17-18	18-19	19-20

Grade 4	45	38	35
Grade 5	47	46	35
Grade 6	48	46	43
Total Enrollment	361	338	324

Conclusions based on this data:

1. During the 18-19 school year, the total TK and Kindergarten enrollment declined because one TK classroom was eliminated.
2. Our dual immersion classrooms are at capacity, and as we continue to expand each year, we anticipate our enrollment will also increase. During the 18-19 school year, the inaugural Dual language immersion class entered 2nd grade, thus increasing our numbers in 2nd grade.

School and Student Performance Data

Student Enrollment English Learner (EL) Enrollment

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	17-18	18-19	19-20	17-18	18-19	19-20

Reclassified Fluent English Proficient (RFEP)	18	15	30	10.8%	8.8%	19.9%

Conclusions based on this data:

1. Since the inception of our Dual Immersion program in 16-17, we have experienced small incremental declines in our total English learner population. This is attributed to the required ratio of native English speakers to bilingual and to native Spanish speakers in a dual immersion classroom.

Conclusions based on this data:

1. 47.17% of students performed below standard in 18-19. A 3 year SBAC ELA analysis shows that this percentage has increased by .47%. Data suggests that students need early and targeted intervention in foundational reading skills as well as increased opportunities for writing throughout the content areas.
2. Data suggests that targeted support in writing is necessary. During the 18-19 school year, 48.73% of students scored below standard in the sub domain of writing.

Conclusions based on this data:

1. In 17-18, 22.73% of English Learners (EL's) scored level 4 on ELPAC and in 18-19, 14.05% scored a level 4. A large percentage of ELs were reclassified last school year after October 2nd, which will be reported in the 19-20 reclassification data in Dataquest. Based on this data and new reclassification criteria, efforts to ensure students receive both integrated and designated ELD support are essential.
2. The domains of concern were reading (4.13 % scoring level 4) and writing (14.88% scoring level 4).

Student Population

This section provides information about the school's student population.

2018-19 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
338	77.8	44.7	1.8
This is the total number of students enrolled.	This is the percent of students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	This is the percent of students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	This is the percent of students whose well-being is the responsibility of a court.

2018-19 Enrollment for All Students/Student Group

Conclusions based on this data:

1. Dingle has the second highest percentage of English learners in the district among elementary schools.
2. Dingle has 77.8% socioeconomically disadvantaged which is the highest in the district among elementary schools.
3. Dingle has 6.2% Homeless Youth which is the highest in the district among elementary schools.

School and Student Performance Data

Overall Performance

2019 Fall Dashboard Overall Performance for All Students

Academic Performance	Academic Engagement	Conditions & Climate
English Language Arts  Orange	Chronic Absenteeism  Yellow	Suspension Rate  Green
Mathematics  Orange		

Conclusions based on this data:

1. Dingle declined in ELA and Math but maintained its status in "Orange. " It continues to be the school with the lowest academic achievement, the highest socioeconomically disadvantaged %, the highest homeless youth %, the 2nd highest % of English learners. During the 18-19 school year, Dingle reduced its chronic absenteeism and suspensions, moving into the "yellow." Based on this data, and the summary of our needs assessment by all stakeholders, there is a significant need to support the social emotional needs of our students, improve student connectedness and sense of safety. Additionally, there is an urgent need to ensure that all students receive early intervention and targeted support in both reading and math.
2. Dingle improved its status in Suspension Rate - from orange to to green, with a decrease in total suspensions by - .6%. The greatest decline of -3.6% was with the sub group of students with disabilities. Dingle needs to continue improve its MTSS (Multi Tiered Systems of Support) at all levels to ensure that students have clear behavioral expectations and teachers have the knowledge and support to implement best first instruction that increases student engagement and sense of school connectedness.
3. Dingle decreased chronic absenteeism by -2.6%. Students with disabilities increased chronic absenteeism from 12% and 6 students chronic in 17-18 to 21.6% and 11 students chronic in 18-19. Improved resources and supports must be in place to support students with various social emotional needs that prevent them from attending school due to high anxiety.

Conclusions based on this data:

1. Based on review of ELPAC (English Learner Proficiency Assessment for California) assessment and new reclassification criteria, targeted focus must be made in increasing reading and writing achievement.
2. From October 2, 2017 - October 2, 2018, a total of 15 students (8.8%) were reclassified. The majority of students reclassified at Dingle during the 18-19 school year, were reclassified after October 2, 2018 and will be reported in next year's reclassified data as reported by Dataquest.
3. 25% of English Learners are considered "at risk" with 4-5 years as EL and 11% are considered LTEL (Long Term English Learner).

Conclusions based on this data:

1. The data suggests that significant improvement was made in absenteeism and all students declining significantly by -3.4%; from 16.8% to 13.4%. This improvement moved our school in to the "yellow" designation with English Learners moving into "Green." Our school's emphasis of informing parents of the importance of attendance via ELAC meetings, phone calls, and 1-1 meetings, as well as student incentives aided to our overall improvement in this area.
2. The data suggests additional resources and supports are necessary for students with disabilities; which increased in absenteeism from 12% to 21.6%.
3. The data suggests additional resources and supports continue to be necessary for our "homeless population" this population continues to increase their rate of absenteeism.

Conclusions based on this data:

1. Data suggests that improving our school's MTSS (Multi-Tiered Systems of Support) system has positively impacted school connectedness and reduced suspensions. Overall, student suspensions decreased by .6%.
2. The data suggests that teachers supporting students with disabilities continue to need additional professional learning and support around effective behavior plans and strategies. Students with disabilities as a subgroup decreased suspensions by -3.8%. Although this subgroup experienced the greatest decline in suspensions, it remains as the subgroup with the highest percentage of suspensions.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

LEA/LCAP Goal

Each student will meet the skills and competencies of the graduate profile in order to be college and career ready through a rigorous, intellectually rich, and culturally relevant environment.

Goal 1

Each student will meet the skills and competencies of the graduate profile in order to be college and career ready through a rigorous, intellectually rich, and culturally relevant environment.

Identified Need

After a thorough analysis of our school's Dashboard data during the needs assessment process, and our comprehensive needs assessment with school stakeholders and in consideration of our district's graduate profile, the school identified a need to focus on the competencies of "creative" and "communication", by increasing access to Visual and Performing Arts opportunities during the school day as well as after school.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Increase the number of students who are "Prepared" on the College/Career Indicator (high school only).	N/A

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All students with a focus on students with Disabilities

Strategy/Activity

Students will increase competencies in communication and creativity through opportunities to present and showcase their academic and visual and performing arts understanding and new learning.

Provide extra duty pay or sub release for common planning time and professional learning.
Provide materials and supplies to support enrichment activities
Provide technology hardware and software to support visual and performance art activities.
Provide Visual and Performing Arts (VAPA) enrichment; such as Ballet Folklorico, music, video editing, and theater.
Provide pathway awards in 3rd grade and 6th grade for students demonstrating biliteracy as measured by CSA (California Spanish Assessment) and CAASPP (California Assessment of Student Performance and Progress) or other local assessments.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All students with a focus on students with Disabilities

Strategy/Activity

Provide professional learning and collaboration opportunities to support best first instruction through differentiation across all content areas to increase student engagement and achievement.

Build foundational skills in reading and math in primary grades through intervention services and differentiated small group instruction.

Provide professional learning and collaboration time for teachers to plan small group instruction and intervention with grade level team through a structured PLC (Professional Learning Community).

Substitute for teacher release time and extra duty pay for teachers to participate in professional learning, planning, assessment, data chats, PLC, and observation.

Materials and supplies to support differentiated instruction to support foundational skills, intervention, and content and technology integration.

Materials, professional learning, virtual field trips and extra duty pay to increase student access to school garden/science aligned to Next Generation Standards (NGSS)

Provide additional instructional services to provide targeted school intervention.

Provide updated technology to enhance student access to core content, increase student engagement, and improve home school partnership.

Provide materials and resources necessary to support best first instruction, copy costs, intervention, and enrichment activities

Provide materials and resources to support administrative duties including increasing home school connection and delivering professional learning to staff.

Strengthen and clearly define our MTSS (Multi Tiered Systems of Support) model in order to provide targeted tier 1 and tier 2 supports.

Provide additional training in restorative practices as a tier 1 strategy

Implement student leadership playground program and contract with service provider to coordinate program.

Provide mentor/coach to support teachers with trauma based practices and in class de-escalation strategies

Provide Sub/release time for teachers to participate in tier 2 meetings, SST meetings, and administrator release.

Provide common planning time for teachers to meet to plan universal tier 1 supports, and tier 2 strategies.

Provide professional learning for social emotional and mental health support for students

Materials and Supplies to support MTSS activities.

Provide additional counseling and mental health counseling for students

Provide additional noon supervision hours to increase student safety, support student leadership playground program and to implement restorative practices.

Provide school wide incentives and extra duty pay to staff to support and acknowledge academic achievement, positive behavior, enrichment and attendance efforts.

Provide academic and social emotional support and resources to increase parent engagement and student achievement; including parent liaison.

Provide extra duty pay for office duties that support student services that increase home school partnership and student attendance.

Provide updated technology to enhance student access to core content, increase engagement, and improve home school partnership.

Provide updated technology and online subscriptions for administration to support best first instruction and communication to families.

Accelerate the academic achievement and English proficiency of each English Learner through an assets oriented approach, and standards based instruction.

Goal 3

Accelerate the academic achievement and English proficiency of each English Learner through an assets oriented approach, and standards based instruction.

Identified Need

After a thorough analysis of our school's Dashboard data during the needs assessment process, and our comprehensive needs assessment with school stakeholders, the school identified a need to improve ELA (English Language Arts) and Math performance overall (with a specific focus on English Learners and students with disabilities. A lack of knowledge of integrated English language development instructional strategies, and a need for a more cohesive professional learning collaboration time, were identified as root causes for the gaps in student achievement among English learners, specifically English learners with disabilities.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Increase the reclassification rate for English Learners.	8.8% of students were reclassified in 2018-19	Increase at the same rate as State Reclassification rate
Show growth on the English Learner Progress Indicator.	49.4% of ELs are making progress towards English language proficiency	Increase by .5% of ELs making progress towards English language proficiency
Decrease the number of long term English Learners (middle and high school only).	N/A	
Improve the school's rating of the English Learner Roadmap Principle 1 on the self assessment.	Self Reflection Scores 3.0: Language and cultures are assets 2.0: No Single EL Profile 2.5: School climate is affirming, inclusive, safe 2.5 -Strong family and school partnerships 2.0 : Supporting English Learners with disabilities	Increase Self Reflection Scores by .5 in the areas of "School climate is affirming, inclusive, and safe" and "Supporting English learners with disabilities"

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

Name of Members	Role
Ursula Ruffalo	Principal
Mandy Dye	Classroom Teacher
Vicki Fu	Classroom Teacher
Brenda Rojas	Classroom Teacher
Dan Flores	Other School Staff
Naelly Castro	Parent or Community Member
Miriam Arteaga	Parent or Community Member
Beja Springer	Parent or Community Member
Teresa Huerta	Parent or Community Member
Juana Hernandez	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Committee or Advisory Group Name

English Learner Advisory Committee *Rosa Rangel*

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 9/29/20.

Attested:

Principal, Ursula Ruffalo on 9/29/2020

SSC Chairperson, Beja Springer on 9/29/20
